

# Internships in Bali

Programs also available in other locations across Indonesia

Structured internship and cultural immersion programs for international students and universities.

## Overview

InternshipsInBali.com supports universities and academic institutions seeking reliable internship placements in Indonesia. Programs can be aligned with credit-bearing internships, independent study requirements, or supervised experiential learning.

## Program structure & supervision

Participants receive placement matching, a clear program timeline, and local coordination with check-ins during the internship period. Universities may designate a faculty supervisor while we coordinate local support and placement logistics.

## Documentation available (on request)

- Program overview and schedule
- Placement confirmation letter
- Learning-outcome summary (optional)
- Local supervisor or mentor details (where applicable)
- End-of-program confirmation (participation / dates)

## Locations & placement fields

Locations include Bali, and depending on field availability: Lombok, Yogyakarta, and Jakarta. Placement fields may include business and marketing, media and communications, hospitality and tourism, arts and design, NGOs and community projects, education support, and sustainability / social impact.

## Contact
